SUMMARY

Highly motivated graduate in Mathematics, Physics, and Computer Science with strong skills in web development, software design, and problem-solving. Developed and deployed multiple real-world software projects, including a school website, automated announcement system, and community learning platform. Founder of Twigane Community, mentoring students in programming and improving access to technology education. Demonstrates leadership, initiative, and resilience through self-directed learning and community impact. Passionate about pursuing Computer Science at the university level to deepen technical expertise and develop innovative solutions that improve education and empower underserved communities.
